

# Highway Pirates

**Bullet**

Witching hour, close to midnight  
We rise when the full moon strikes  
Yeah ahead is the open road  
Switched on to the rebellion mode

Legacy from the past  
We are the highway pirates  
In the middle of the night  
We are the highway pirates

This is not a masquerade  
It's the way we look  
Wild at heart we enter to win  
Dressed in black we live in a sin
