

# Raise Hell

## Bullet

Hey you, are you talking to me  
Trying to teach me the way to be  
Preaching so loud about your lifelong school  
I need no reasons, I need no rules  
Hey mister, do you wanna feel pain  
I'm coming on like a bullet train  
Rocking so hard, rocking so fast  
We blow the block like a shotgun blast  
Ha ha ha

Raise Hell  
Heavy metal rebel  
Raise Hell  
Raging black leather

Playing faster than ever before  
Can't get enough, I always need more  
Just plug me in, turn up the sound  
We rock you up, you fall to the ground  
Don't teach me how to live my life  
I got a will as sharp as a knife  
An open road is all I see  
A metal rebel I was meant to be  
Ha ha ha

Raise Hell  
Heavy metal rebel  
Raise Hell  
Raging black leather

Hey you, are you talking to me  
I never listen, can't you see  
Try to find reasons to bring me down  
Solid as a rock I'm nailed to the ground  
Hey mister, you better step back  
You can't stand the coming attack  
I'm not alone, there's more of my kind  
A metal rebel snorting a line  
Ha ha ha

Raise Hell  
Heavy metal rebel  
Raise Hell  
Raging black leather  
Raise Hell  
Heavy metal rebel  
Raise Hell  
Raging black leather
