

Rolling Home

Bullet

Let's reel the machine lights
Get started, rolling
Let's put him a show, let the people get moving
Racing on the drive track
Never want to turn back
We gone out soon to make it last all night

There ain't no stopping once we've got this far
Let's burn the freeway down

Why you don't sway down in a rolling home?
Tear it down to the ground, just rolling on
Why you don't sway down in a rolling home?
Tear it down to the ground, just rolling on
We are rolling in a rolling home

Time to start it up
Get started, rolling
Play with ready
There ain't no party, you know it
Bumping down a dog path
Running with a wolf pack
If you didn't have guns this time
A long wait off

There ain't no stopping once we've got this far
Let's burn the freeway down

Why you don't sway down in a rolling home?
Tear it down to the ground, just rolling on
Why you don't sway down in a rolling home?
Tear it down to the ground, just rolling on
We are rolling in a rolling home

There ain't no stopping now
Let's burn the freeway down
Come on

Why you don't sway down? (rolling home)
Tear it down to the ground (rolling on)

Why you don't sway down in a rolling home?
Tear it down to the ground, just rolling on
Why you don't sway down in a rolling home?
Tear it down to the ground, just rolling on
We are rolling in a rolling home

There ain't no stopping now
Let's burn the freeway down
Let's burn it down
