Waste My Time

Bullet

Welcome to the city, The city of sins
Welcome to a place where no one wins
Nowhere to go no place to hide
I can't return from where I am

There is no turning back
Always on the run
This place is killing me

Don't wanna waste my time

Desert streets from hell descends
Ghostlike shadows nailed to the walls
Nowhere to go no place to
I can't return from where I am

There is no turning back
Always on the run
This place is killing me

Don't wanna waste my time

There is no turning back
Always on the run
This place is killing me

Don't wanna waste my time
