

Ripping Me

Bulletboys

Ooh, down and out, baby
Ooh, I feel the blues
Twisted desire to get off
Can't you feel this love

I feel it might get worse
Just for one night off the shelf
Nine thousand reasons tell me
Now, for a glass of rock n roll

Pleasure or pain
What will it be
It's just me
You're ripping me
Pain in my brain
Breaking my will
Seriously, you're ripping me

Pleasure or pain
What will it be
It's just me
You're ripping me
Pain in my brain
Breaking my will
You're ripping me, yeah

Spread your legs
You're ripping me
