

This is the way of the bold and the fallen
Breaking our backs on the weight of nothing
Slow as it goes there's no time to expose we
Live in our lives and pretend it's all right and you go
When you start to leave this shelter
Now it's time you breathe you have to
Arm yourself with the will to react to
The sight of certain death disaster
Finds its mark on the hearts of the weak
And will fold to your strength

Rest on the shore let the end of the world come
Say to yourself well so much for my four oh one
'Kay now I'm done and I'm glad I'm the one who
Lived to the end to exact my revenge you should know
When you start to leave when it's time to breathe
Away from the shelter
With all I am just understand
I can't hold any longer

Arm yourself with the will to react to
The sight of certain death disaster
Finds its mark on the hearts of the weak
And will fold to your strength

Arm yourself with the will to react to
The sight of certain death disaster
Finds its mark on the hearts of the weak
And will fold to your strength
Arm yourself with the will to react to
The sight of certain death disaster
Finds its mark on the hearts of the weak
And will fold to your strength
