

It's All In Sound

Bullion

Thinking up then thinking down
Whichever way you rant, it's all in sound
It's all in sound
All in sound

Forth back and sideways too
Whichever way you like is nothing new
It's all in sound
It's all in sound
It's all in sound
You're all in sound

You're all in sound
I'm all in sound
You're all in sound

Turn left then take first right
Just follow the signs for the sonic flight
It's all in sound
It's all in sound

Fly high, cruise low
Don't really care, it's all for show
You're all in sound
You're all in sound
I'm all in sound
You're all in sound

You're all in sound
I'm all in sound
You're all in sound
You're all in sound
I'm all in sound
You're all in sound

You're all in sound

Thinking up and thinking down
Whichever way you rant, it's all in sound
It's all in sound
All in sound
