

We Had A Good Time

Bullion

So I'm the lucky one
Better men wouldn't carry on
What was the first line?
We had a good time
Know you twice
So I'm the lucky one
Much better people proved me wrong
They set a high price
To know you twice

So I'm the lucky one
Nothing's new under the sun
Thought you could be all you know
Strikes once
We had a good time

So I'm the lucky one
We had a good time
