

## Your Father

**Bullion**

Observations, beyond your neck-line  
Run away into the country  
We are the height of a postcard  
Wanting to be strong  
To be strong for you

Your father  
Listened to  
The whole of  
The White Album  
As he waited to collect us  
You could be  
Just as funny  
As your father  
As he waited to collect us

Your father  
Listened to  
The whole of  
The White Album

You could be  
Just as funny  
As your father  
As he waited to collect us
