

# Blame

Bully

I'm not above nothing  
Until I watched you drop onto the floor  
Collapsed your head on the counter  
Now I can't remember how I ever felt before

Well, this isn't the summer I wanted  
But I guess bad news, it comes in two  
I've been staying away from the west side  
Trying to cut down on booze and you  
Booze and you

Can't keep my mouth shut  
Can't keep my mouth shut, I won't  
If you don't want to hear it  
If you don't want to hear it then don't

The guilt sets in  
It's a fucked up game, this kind of thing  
I blame you, blame the world, but don't blame  
Me

After a while I called  
Halfway to show you I care  
But mostly to make sure  
That you were still breathing and that you were still there

And I wonder sometimes you think  
That you've created a monster  
A bitch who can't even blink  
I swear to God I feel like her  
I feel like her

I can't keep my mouth shut  
Can't keep my mouth shut, I won't  
If you don't want to hear it, don't want to hear it then don't

The guilt sets in  
It's a fucked up game, this kind of thing  
I blame you, blame the world

And I'll blame you  
I'll blame you  
I'll blame you  
I'll blame you  
And I'll blame

Think we both know what's been going on  
Can we make this quick?  
Can we make this quick?
