

Guess There

Bully

It's the new year
And you made it clear
That you don't want to see me
I don't get it but I don't care
Well, my pet says
I'm a winner
Yeah, but lately I feel like
I've been losing touch with her

Well, I guess there could be something I'm missing
Yeah, I guess there could be something I'm missing
Yeah

On the weekends
I've been taking it easy
No, I swear it's my choice
I got a ton of things to keep me busy
And the truth is
That unproductivity haunts me
'Cause I hate feeling useless
And nothing tastes right to me

Well, I guess there could be something I'm missing
Yeah, I guess there could be something I'm missing
Yeah
