

# How Will I Know

**Bully**

Feeling melancholy when I start to think of you  
Gotta get out of my head, find something else to do  
Because there's no point obsessing over what I would've changed  
Save a couple of things I wish I said but I refrained

In my time  
If you go before I go  
Send me a sign  
Anything to let me know  
I'm still on your mind  
Will you be there when I make it home and  
How will I know, how will I know  
How will I know?

Time loses meaning when your feelings never change  
There was life with you then everything else fades  
And I can't take back all the things I did when I was young  
But I still beat myself up the same way over what I've done

In my time  
If you go before I go  
Send me a sign  
Anything to let me know  
I'm still on your mind  
Will you be there when I make it home and  
How will I know, how will I know  
How will I know?

Coming down  
I'm coming down  
I'm coming down, can't calm me down  
I'm coming down

In my time  
If you go before I go  
Send me a sign  
Anything to let me know  
I'm still on your mind  
Will you be there when I make it home and  
How will I know, how will I know  
How will I know?

How will I know  
How will I know  
How will I know  
How will I know
