

## Kills To Be Resistant

Bully

When I'm around you, I try and keep my distance  
'Cause what I want with you is none of your business  
When I'm around you, I try and keep my distance  
I swallow the instance, but the feeling's resistant

Do you think you know better?  
Do you think you know?  
Do you think you know better?  
I don't think you know

Just go (kills to be resistant)  
I feel it coming (kills to be resistant)  
What's the matter? (kills to be resistant)  
Do you feel nothing? (kills to be resistant)

When I'm alone, I stare at your picture  
It makes me hopeful, I'm glad for your existence  
When I'm around you, I try and keep my distance  
I try and be respectful, it kills to be resistant

Just go (kills to be resistant)  
I feel it coming (kills to be resistant)  
What's the matter? (kills to be resistant)  
Do you feel nothing? (kills to be resistant)

Just go (kills to be resistant)  
I feel it coming (kills to be resistant)  
What's the matter? (kills to be resistant)  
Do you feel nothing? (kills to be resistant)

When I'm around you, I try and keep my distance  
I try and be respectful, it kills to be resistant
