

Trash

Bully

I wonder what else you've lied about
I could ask just why you did it
But I know just why you did it
And I wonder what else you've been up to
If I don't wanna listen then I'm not goin' to
If you didn't wanna listen then I wouldn't make you

Feels like trash
Feels like trash
Feels like trash
Feels like

I wonder if you've ever felt this confused
It's magic how you make me feel like trash
I know that I am not a child
This is unacceptable and the only news I have for you
Is you can't write a book about what you don't know

Feels like trash
Feels like trash
Feels like trash
Feels like

Feels like trash
Feels like trash
Feels like trash
Feels like
