

## Trying

Bully

Oh I can't get out  
Invisible handcuffs locked on me  
Been praying for my period all week  
And relief that I just can't see  
I question everything  
My focus, my figure, my sexuality  
And how much it matters or why it would mean anything  
I can't keep it together  
I've been better  
I've been thinking about it every night

I'm trying, I am  
I'm trying, I am  
Trying to hide from my mind, I am  
Trying all the time, I am  
Trying to hide from my mind, I am  
Trying trying  
Why am I

I'm trying, I am  
I'm trying, I am  
Trying to hide from my mind, I am  
Trying all the time, I am  
Trying to hide from my mind, I am  
Trying, trying  
Why am I...?

If it counts for anything  
I didn't want to  
I'm just looking for clarity  
To help me get through  
If you're set in your ways  
What can I do, Ease up  
So that I can break it down for you can't  
Feed a beast you  
Leave unleashed it'll  
Come right back to you  
I'm trying

Trying to hide from my mind, I am  
Trying all the time, I am  
Trying to hide from my mind, I am  
Trying, trying  
Why am I...?  
Why am I?  
Why why?  
Why am I?
