

## What I Wanted

**Bully**

Your hands holding down my neck  
Run me around 'til I forget  
Thought I was good, ready and set  
Disappearing truth from everything you said

I ended up at your old place  
Since you left nothing's changed  
Just seeing the door to your old room  
Made me feel way worse than I needed it to

I don't know what I wanted  
I don't know what I wanted  
I don't know what I wanted  
I was too gone when I started

No one speaks the way you do  
It's the same old shit, nothing new  
Everyone I've been sleeping with is wrong  
Empty under sheets with someone who doesn't belong

And I feel pressure to get away  
Everyone just settles in this space  
And there's so much more that I could do  
Than fucking around staring down at my dirty shoes

I don't know what I wanted  
I don't know what I wanted  
I don't know what I wanted  
I was too gone when I started

I don't know what I wanted  
I don't know what I wanted  
I don't know what I wanted  
I was too gone when I started
