

# You Could Be Wrong

**Bully**

Wittiest and best dressed  
But she lives on the Internet  
And then I think I love her  
I can't get above her

What do I do?  
What do I do?  
What do I do?  
What do I do?

I think you're lying (I think you're)  
I think you're lying  
You could be lying (you could be)  
You could be wrong

I think you're lying (I think you're)  
I think you're lying  
You could be lying (you could be)  
You could be

You are like a quick release  
On to big and better things  
I feel like I take forever  
Just to get a little better

What do I do? (What do I do?)  
What do I do? (What do I do?)  
What do I do?  
What do I do?

I think you're lying (I think you're)  
I think you're lying  
You could be lying (you could be)  
You could be wrong

I think you're lying (I think you're)  
I think you're lying  
You could be lying (you could be)  
You could be
