

You

Bully

You just skipped her first birthday
Booked a plane, got on your way
You said you'll see her in a week and
She's still young, her memories bleak, yeah

I can't figure it out
It's like I'm still just a kid on my way down
And if it feels right
Doesn't matter how bad it sounds
The pleasures all mine, pain is all mine
When you're around

Then you went on a midday binge
Busted your face while breaking in
And yes, I'd love to see you too
Just not like this, all black and blue
But I love you

I can't figure it out
It's like I'm still just a kid on my way down
And if it feels right
Doesn't matter how bad it sounds
The pleasures all mine, pain is all mine
When you're around

This is what it's all about and
I don't care when you dropped out 'cause
This is what it's all about
I can't blame you, I can't blame
You

I can't figure it out
It's like I'm still just a kid on my way down
And if it feels right
Doesn't matter how bad it sounds
The pleasures all mine, pain is all mine, so it's
No good, I know it
This is no good, I know it
This is no good, I know it
This is no good, I know it
