

**FINE**

**bülow**

Bought a chain and a lock, I'ma tie that shit up  
Tie it up real nice, I won't let you have my spice  
Falling back, switching tracks 'cause you know I can't relax  
And I know you don't care, you don't really think I'm there  
You still want me around, don't want me to make a sound  
Give me one good reason not to chuck what we got

Being apart is a shame  
Why give a fuck if it's all about fame?  
Like who are you with, what's the deal with your friend?  
She's hotter in pictures, got millions of fans  
Hell, I don't know why I try  
The second I ask, I question you're mine  
Lead in the cherry, the flavors your taste

And no, we're not doing fine, and I'm  
I'm gonna say goodbye, but please don't waste my time  
And no, we're not doing fine, and I'm  
I'm gonna say goodbye, but please don't waste my time  
And no, we're not doing

Fine, don't waste my time  
Don't waste my time  
Don't waste my time  
(And no, we're not doing)  
Fine, don't waste my time  
Don't waste my time  
Don't waste my time

Got a stick and a rock, I should build myself a crutch  
'Cause there might be a chance all you'll ever be is talk  
With you up in my face, now I really need my space  
And no, it's not fair, did you think that I'd get scared?  
I don't wanna be alone, you want me to be your clone  
It's a lot without trust, now I think that I give up

Being apart is a shame  
Why give a fuck if it's all about fame?  
Like who are you with, what's the deal with your friend?  
She's hotter in pictures, got millions of fans  
Hell, I don't know why I try  
The second I ask, I question you're mine  
Lead in the cherry, the flavors your taste

And no, we're not doing fine, and I'm  
I'm gonna say goodbye, but please don't waste my time  
And no, we're not doing fine, and I'm  
I'm gonna say goodbye, but please don't waste my time  
And no, we're not doing

Fine, don't waste my time  
Don't waste my time  
Don't waste my time  
(And no, we're not doing)  
Fine, don't waste my time  
Don't waste my time  
Don't waste my time

Fine, don't waste my time  
Don't waste my time  
Don't waste my time  
(And no, we're not doing)  
Fine, don't waste my time  
Don't waste my time  
Don't waste my time

Fine, don't waste my time  
Don't waste my time  
Don't waste my time
