

## Thank You

Bumblefoot

Thank you for being such a friend  
You're by my side through thick and thin  
And when these days come to an end  
I know I'll be with you again  
For all the times we're up and down  
You know you never let me down  
We've turned the page so many times  
There's still so much more left to write

Thank you for all you let me be  
And for euphoric memories  
For the 15 minutes of fame  
And all the pretty ugly things  
For filling empty rooms with light  
And for the sins thrown in the sea  
For flowing in and out my eyes  
And the taste of life between my teeth

I'll say it now while I still have the opportunity to  
breathe  
I suffocated for so long and then you gave my heart its  
beat  
We may be oceans far apart but deep inside you're still  
with me  
I know we'll always be together every time I hear you  
sing...

A spinning world that never stops  
The pushin' pushin' till we drop  
The miracle of endless days  
Music that never goes away  
It keeps my spirit livin' on  
With you in every song  
So thank you and goodnight  
Till I see you again on the other side...
