

Dance Tonight

Bunga Citra Lestari

I wanna dance tonight until forever
Let this be the time of our lives
Oh let me see the light and feel so beautiful
Let this be the time of our life

Beauty is vain, charm is deceitful
Strength is my friend 'cause luck is unfaithful
Grace is my make up, gold what I'm made of
I'm reaching for the stars so you know where to find me
Pain is my fuel, set me on fire
You shoot me down but I'm flying higher
They're cruel, they're a fool
They're tryna break my soul, they won't they don't

And I...
I wanna dance tonight until forever
Let this be the time of our lives
Oh let me see the light and feel so beautiful
Let this be the time of our life

Yeah
She do this when she wake up
She don't even need no single makeup
That's my woman, she all caked up
Ready for the world, she always face up
You can't dim the light that shine from within
She on fire, alive and kicking
Speeding from the row where she sits in
When she speaks his story begin

She's a home maker, record breaker
What don't break her, they just make her
Watch out player, say your prayer
She know better, won't fall never
She dance like no one else's business
She def from every man's wish list
She the illest, most of the realest
Turn the lights on, we about to witness

I wanna dance tonight until forever
Let this be the time of our lives
Oh let me see the light and feel so beautiful
Let this be the time of our life

Uh-uh
And now she's coming for you, you better ready for
This is inner force that I too never seen before
I've seen the rainy days, I got my dancing shoes
I don't know about you

But I wanna dance tonight until forever
Let this be the time of our lives
Oh let me see the light and feel so beautiful
Let this be the time of our life
Of our lives
Forever and our lives

Let me see the light, let me see the light
