

Black Evolution 666

Burden Of Grief

We are the darkest people, the boil of god
The motherfucking antichrists on earth
In hell we are living, the daemons at night
The air is full of madness this is our fight

Black evolution 666
All hell breaks loose
For revolution

Out in the night
The way to the light
Give me your hand give me your hand;
And we will go along the same lines
Out in the night
The way to the light
Give me your hand give me your hand
And we will go along the same lines this time

Thousands people are faithful to death
An harmonious whole, dressed in black
To show the world a dark but better way
It is another way, another way to feel the...
