

## Broken

### Burden Of Grief

Down, I'm on the ground  
My world so filled with pain  
It is a heavy cross over my shoulders  
Loud, I hear them screaming  
These noises in my head will drive me to deflection  
Reaction to destruction

These noises in my head, I hear them screaming  
These noises in my head, they made me...

Broken - flown to high and touched the sky  
Broken - I'm falling down to my sorrow

Down, I'm on the edge  
Shut down emotionally  
Visions lost deep inside into the abyss  
Hard, so hard the impact  
These demons in my mind will inflict desolation  
No hope for emendation

These noises in my head, I hear them screaming  
These noises in my head, they made me...

Broken - flown to high and touched the sky  
Broken - I'm falling down to my sorrow

Down, I'm on the ground  
My world so filled with pain  
It is a heavy cross over my shoulders  
Hard, so hard the impact  
These demons in my mind will inflict desolation  
No hope for emendation
