

## Your Heaven Is Gone

### Burden Of Grief

Lost in dark desires  
A live without remorse  
The nausea within us  
Entwines us every day  
Tumble into the abyss  
A look of emptiness  
Pictures out of focus  
Gaze into space

We swim in seas of dark illusions  
And looking out for answers  
Looking out for answers  
Stare into the distance of the darkness  
And looking out for answers  
Looking out for answers  
Your heaven is gone

This is a free fall  
All hope is lost  
No time for mercy  
A piece of heaven is gone  
Tumble into the abyss  
A look of emptiness  
Pictures out of focus  
Gaze into space

Lost in dark desires  
A live without remorse  
The nausea within us  
Entwines us every day  
This is free fall  
All. hope is lost  
No time for mercy  
A piece of heaven is gone
