

Anthem of the Unbeloved

Burden Of Life

Verse 1:

This is the anthem of the unbeloved
United voices meant to soar above
The wretched hearts of everyone
Are destined to rejoice

Our guiding light will bear a brand-new day
Illuminate and chase the night away
The silent souls in all of us
Are meant to raise their voice

Chorus:

Guardian spirit of the unwanted
Of the lone wolves we may be
Lead us on our way until kingdom come
Everlastingly

Verse 2:

Their boastful malice cannot separate
The solidarity we demonstrate
The sleeping giant we all conceal
Wake up!

Chorus:

Guardian spirit of the unwanted
Of the lone wolves we may be
Lead us on our way until kingdom come
Everlastingly

Leads: Guggenberger/Bodarwé

Interlude:

Halos will split in half you'll see
Above those who preach uniformity

Bridge:

The shadows don't suit the light you radiate
Step out of the dark and reevaluate

I can see
I believe

Chorus:

Guardian spirit of the unwanted
Lead me on my way until kingdom come
