

Enslaved By Liberty

Burden Of Life

I remember a time,
When all I ever wished for was this life
devoid of love equals devoid of pain
Or so I thought
I hear madness' chime
The bells in my head play this song of mistakes and regret
Devoid of love equals a life in vain
Is what I'm taught

Now I no longer breath,
I just don't forbid the air to pass my lungs,
I no longer live,
I merely allow my body not to collapse
I travelled a deadly distance,
To finally see the writings on the wall,
I need your assistance,
Speak to me demon! Answer this desperate call

I thought I'm dead to love,
But love got the best of me

Enslaved by liberty
I have failed to thrive
year after year I've amassed this pack of lies
I told myself to stay, stay alive

Devil on your shoulder? That's not who I am
I offer the following deal as a friend
If all of the love you want to return
Her life you must take, for in hell she will burn
Recall all the anger, the pain that she caused
Yes she is the reason why everything's lost
So demon indeed is not my name I pled
An angel, a saviour you'd call me instead!

Yes all of the love I want to return
Her life I shall take and in hell she will burn
Guide me to where she resides
So I can end this once and for all

It's your life's
Evenfall
Tomorrow's dawn
Will greet a world without you

Enslaved by liberty
I have failed to thrive
year after year I've amassed this pack of lies
I told myself to stay, stay alive
