

## Harmony Of Death

## Burden Of Life

This decision makes me crawl  
Though it makes me yawn for more  
As it sends me through a track  
Full of traps and ways to die

Ridiculous it seems  
For you for the rest not for me  
May I ask you one last question  
When did you lose your sense for sanity?

Every note  
You play to me  
Carefully  
Cuts my throat

While I try to stand my ground  
You sing the Harmony Of Death  
It makes me crumble watch me fall  
Watch me how I learn to decompose

Every note  
You play to me  
Carefully  
Cuts my throat

Every note  
You play to me  
Carefully  
Cuts my throat

Every note  
You play to me  
Carefully  
Cuts my throat
