

An Elegy

Burgerkill

There's Something I've Been Missing
I Cant Hold My Head Up High
Its Getting Really Hard To Laugh
And Realize That You're Already Gone

These Tears Always Paint Me
My Sins Are Constantly Judging Me
I Cannot Run....I Cannot Hide
Its Killing Me And Dragging Me Down

I Can Feel Your Eyes Are Watching
But I Cant Hold My Head Up High
Its Getting Really Hard To Understand
The Way You Leave Me...The Way You Leave Me

And I'm Still Here Standing On This Endless Road
Never Had A Chance To Say Thanks
Never Had A Chance To Say Goodbye

So Much Sadness. What Happened To Happiness?
Life Is To Short For Questions
And It's Hard To Find The Answers

Mezmerized By The Light You Exposed
Igniting A Fire Inside My Soul
This Strength Runs Through My Veins
Wish I Could Bring You Here Again

Start A New Beginning
Back To Track And Learning
Until We Meet Again....
