

Take U Home

Burhan G

She was the girl next door
With everything a guy would want his girl to have
She never noticed me she made me think
That I wasn't good enough for her
She made her way to fame, when the show was over
If I was cool like that, could I be your fan tonight

I could be the one, take care of you
Give you everything your dream come true tonight
I can be your everything

Girl you made me write this song
You and me we can't go wrong
When I see you all alone
Make me wanna take you home
Girl let me take you home

I never thought that we could ever get to talk
Not here this way, what you cryin' for?
You tell me they treat you bad, well girl I'm not surprised
So come take a ride with me, girl spend some time with me
Then I could sing you a song, the sweetest melody yeah
You should have known by now, that I'm your biggest fan tonight

I could be the one, take care of you
Give you everything your dream come true tonight
I can be your everything

I can't stand to see the tears in your eyes
Love the magic that you bring when you smile
Just take my hand and follow me to my place
Girl let me be the one
