

Have we gotten crazy?
Or all fucked up in our own ways?
It's time to open your eyes
It seems so blind and jaded
Just because we're not the same
We're getting used to the lies

We can't be what they wanted
It changes everything

Take a look at the face in the mirror
Don't be another bitch in a magazine
Let it go, it'll all disappear
Nothing is real inside this masquerade
We're all just living in a dream

It's not overrated
Nothing's worth the price you pay
If you change who you are
Wipe that look off your face
It's okay to wander
Just don't change who you are

We can't be what they wanted
It changes everything

Take a look at the face in the mirror
Don't be another bitch in a magazine
Let it go, it'll all disappear
Nothing is real inside this masquerade
We're all just living in a dream

Get lost, get lost, get lost inside yourself
You're just the fool I thought you'd be

Take a look at the face in the mirror
Don't be another bitch in a magazine
Let it go, it'll all disappear
Nothing is real

Take a look at the face in the mirror
Don't be another bitch in a magazine
Let it go, it'll all disappear
Nothing is real inside this masquerade
We're all just living in a dream

(Get lost, get lost, get lost inside yourself...)
