

Bad Boy

Burna Boy

Up inna me car, on my way to Rumuigbo
I know to be right, I need to psychiatric go
I'm just going down to see black
To chill with my man dem on the rooftop
In PH city that's how we roll
Yeah, for respect that G boy

Yes you're a bad boy from Port Harcourt
Just a bad boy from Port Harcourt
Shooby-dooby

Say while we're chilling from the rooftop
I'm just tryna play music, suddenly I heard two shots, bam bam
And then I suddenly slipped, okay jumped
I didn't even look down, I just made a straight jump
So suddenly when I'm running I noticed that my right leg started feeling funny
All because I'm a

Bad boy from Port Harcourt
Just a bad boy from Port Harcourt
Shooby-dooby
Cause I'm a bad boy from Port Harcourt
Just a bad boy from Port Harcourt

You never been round here before
But now wey you don come
Let me take you on a tour
I tell you all this cause my city rugged and tough
It's so notorious
Gangstas and drugs, motorors and drugs
You beta know where you dey go
You beta know wetin you talk
Colours mean a lot
Handshakes mean a lot
We no look face, we let a gun burst
We murder enemies, delete them all
Na so e be where we come from
From Borokiri to Mile 1
PH to the bad man

Cause I'm a bad boy from Port Harcourt
Just a bad boy from Port Harcourt
