

Devil in California

Burna Boy

Have to understand what I'm trying to show ya
Take you OT where nobody knows ya
I don't know what you've been told baby
Lately I've been on my own baby
I don't even know where I'm taking ya
Probably on a boat in the middle of the ocean
Way too drunk, I'm way too fucked baby
Popped a molly in the club babe

Ooh I met the devil out in California
I've been living on the edge
But I won't fall down
Got a couple hundreds for the spending

You should learn to share baby (oh no)
I'm crazy, I know
How I did it, I don't know
Heart breaker, all yours
I know I, said I'd change my life
But that was last night
I'm so high
Can't open my eyes
Can't look in your eyes

You got the juice
I got the sauce
It's only right we hit it off
But you gotta make a decision
You got the hoes
I got my woes
I cannot lose
But tonight I'm too fucked up to make decisions
I got so much bitches
It's like all my life I've been knowing somethings been missing
Devil on my shoulder
That's why I can't stay sober

Ooh I met the devil out in California
I've been living on the edge
But I won't fall down
Got a couple hundreds for the spending

You should learn to share baby (oh no)
I'm crazy, I know
How I did it, I don't know
Heart breaker, all Yours
I know I, said I'd change my life
But that was last night
I'm so high
Can't open my eyes
Can't look in your eyes

Give it one more time
But I said that last time
I know I said that last time
But this is the last time
This is the last time

This is the last time (oh ya)
