Now I'm gone, now I'm gone
Stayed up, laid down
Now I'm gone, now I'm gone
Ride in an old school big body Benz and the same low chrome
Same low chrome
Dripped up I been dripped out, but you know how it go, know how it go
Came up, came down

Got your wife on my bed
That's why a nigga don't like me
But don't disrespect
'Cause we don't take this shit lightly
Got you caught up in the web

No talks, no shakes, no hugs, no defs
All a nigga get is that Rat-tat-tat

This pussy ass niggas ain't know me like that
Now I got your homeboys wearing all black
'Cause you ain't fall back when I told your ass
Don't know what you been told
But when a nigga full clip, unload 'em
Give it to the nigga leave him laying down cold
