

Guilty

Burna Boy

Said I am guilty of loving you, girl
Said I am guilty of loving you, girl
Said I am guilty, send me to jail
Give me a life sentence, send me to jail
'Cause I am guilty of loving you, girl

Said I swear to tell the truth and nothing but the truth
I couldn't swear that I never knew
This is how it all started
I met this girl on my way to school
Then we went to her place but I say to you
She dropped her books and I just played the fool

And now we all grown up now
We separate ways for school and such now
But anytime that you touch down
You go remember me

'Cause I am guilty of loving you, girl
Oh lord, oh lord
Ohhhh, ay

You should've been my wifey
I don't care if anyone else like me
If they don't like it they can die, me nuh care
When you're gone I cry, I swear
Said I miss you very much right now my girl my girl
Ohh I'd
Do anything for you, anything for you

'Cause I am guilty of loving you
Said I am guilty of loving you (only you baby)

When I heard the verdict, I jumped up when I heard it
You'll never please that verdict
Getting a life sentence like I murdered
All because of your love my girl
Do anything for you girl
Don't ever take me for a fool
My kindness for weakness, this is me and you
In this world, all I have in this world is you oooh
You better have my children in the same building
We'll live together in harmony
Oooh, 'cause I am guilty of loving you girl
