This beat ain't normal

[Burna Boy:]

I dey call you no dey answer
I say make I call you some more
Yeah you leave me no choice, oh
Very soon I go appear for your door mat
And you had the tight dress on
When I saw you last night at the club
Even though I had my dark shades on
I was looking at you all night long

I'm in the middle of the street
How did I ever let you leave? Oh no
Why did I drink this Hennessy?
Woah, woah, woah, woah, woah

[Burna Boy & Jorja Smith, {Jorja Smith}:]

Girl I don't know what come over me
Girl I just want make we gum body
Don't want to lose you to nobody no
My God e no go gree
And I don't know what come over you

[Burna Boy, {Burna Boy & Jorja Smith}:]

No be small thing
'Cause I've been I've been watching
Am I just drunk or something?
Oh I'm in love, in love, in love, in love
{Like a monkey}
A junky for your loving
I must be high or something
But now it doesn't really matter because

[Burna Boy & Jorja Smith:]

I'm in the middle of the street
How did I ever let you leave? Oh no
Why did I drink this Hennessy?
Woah, woah, woah, woah, woah

[Burna Boy & Jorja Smith, Jorja Smith:]

Girl I don't know what come over me
Girl I just want make we gum body (Oh no)
Don't want to lose you to nobody no

[Jorja Smith:]

I feel, I feel if I did not be without you
I'll come take this chaos from you

I can't take these lies anymore
It's trying for me, it's playing with you
Baby you're drunk, maybe I'm too
Baby you're a suffer or a soldier
Killer of your own heart
If you treat me kind and kept me close
Would we still part?
Isn't easy with me
Jango just loosen myself up from what
I kinda should have been

Now I'm in the middle of the street
How did I ever let you leave? Oh no
Why did I drink this Hennessy?
Hmm, hm

[Burna Boy, (Jorja Smith):]
Girls I don't know what come over me (Oh no, no, no)

Don't want to lose you to nobody no
My God e no go gree
And I don't know what come over you
