

More Life

Burna Boy

Yeah yeah yeah...

Old gone vibes
Put me drink and ice, chee
Pree more life
Kapriya pree more life, yeah
You know what it is
You know what I mean
You know what it is when you're with me
Old gone vibes
Kapriya pree more life

I dun seen it all and
I dun done it all I
Still can't see me stopping
I'm still scheming, flying
Wake up every morning
Feelings burning under
I ain't get no younger
I can't help but wonder

Why me feel sad and blue
When me can't get no weed and juice
Please don't get it confused
All that I want to do is

Old gone vibes
Put me drink and ice, yeah
Pree more life
Kapriya pree more life, yeah
You know what it is
You know what I mean
You know what it is when you're with me
Old gone vibes
Kapriya pree more life
