Say So

Burna Boy

Thunder fire bout the country now
Everybody say dey want me now
Even your gurl tryna hunt me down
Cos I'm very very very big now
I'm in VIP
You're biting your tongue tryna sing like me
But any party that invite me
I'm gonna be rocking anything I see
Because this one no be party na rave
You have every right to misbehave
You fit behave the way you like to behave
If anybody ask you tell them say

Na Burna Boy wey say so
We fit come together like Lego
Migrate to gyrate o
Make we do the new dance wey dey reign o
Na Burna Boy wey say so
We fit come together like Lego
Migrate to gyrate o
We no send the people wey dey rate o

I'm just sending a message
If you no believe me you can ask Larry
Or you can ask Quido Bakas o
If you don't believe them you can ask Ese
Or you can ask Ogado
Or you can ask my brethren Gumbo
And they will confirm this information
About the trials and tribulations
Me are to go through daily
So in this party I'm going crazy
So everybody put your hands up
And if you sitting down stand up

Na Burna Boy wey say so
We fit come together like Lego
Migrate to gyrate o
Make we do the new dance wey dey reign o
Na Burna Boy wey say so
