

Streets of Africa

Burna Boy

How can I not be happy all day
I'm from the street of africa
If you put speakers in my mind
I bet it will sound like
Woh woh woh
That's why I smoke smoke smoke
Shirt off like I ain't gat no clothes
Cause where I'm from there ain't no snow
So I refrigerate my flow oh oh
That's how a nigga keep it cool

How can I not be happy all day
I'm from the street of africa
Even if I don't have no money
My nigga tunde buy the bar
Men come they call me oluwa burna
Cause I'm so awesome you should know
Always be on my speed darlin'ton
You know me I'm not regular
Bang dan dan dang
When I step in the room
The ground beneath you shaking up
Soon as your wifey see me and my crew
She said you are breaking up
And take you to my lo's
Making hot put no effort
Haters talking, I don't hear tho
With the game I'm like a melo
Pull up on girls like hello
Whoa whoa

I'm fela kuti with the hoes
Shirt off like I ain't gat no clothes
Cause where I'm from there ain't no snow
So I refrigerate my flow oh oh
Shalo g I know that's my bro oooohh

How can I not be happy all day
I'm from the street of africa
If you put speakers in my mind
I bet it will sound like
How can I not be happy all day
I'm from the street of africa
How can I not be happy all day
I'm from the street of africa
How can I not be happy all day
I'm from the street of africa
Even if I don't have no money
My nigga tunde buy the bar

Sit in a room rolling my bag with diamonds in my mouth
Why would you want to fuck my day up
My niggas run up in your house
Fucking with me that's a no no
Couple how long you can hold tho?
I pull up like marco polo
Make all the girls them go loco
