

Summer Time

Burna Boy

This summer time
Can't pass me by
But this feather let me live my life
I'm really look for my, for my, for myself
This summer time
Can't pass me by
But this feather let me live my life
I'm doing it for my, for my, for myself

Said, I'm a trick of my shade on the summer time
Shoot my tattoos on the summer time
Girls with short skirt on the summer time
Man, I bought them my shirt on the summer time
They are empty boat
They fast, but they let me go
Yeah, them need road
I ain't do way I was before

This summer time
Can't pass me by
But this feather let me live my life
I'm doing it for my, for my, for myself
This summer time
Can't pass me by
But this feather let me live my life
I'm really look for my, for my, for myself

Yo, said I was, said I was young but I'm smarter
'Cause, yeah, I'm bad because I fucked somebody's daughter
If you don't believe me then you can just gotta
If you wanna undress me then don't bother
I just like everything you ever lotto
And everything is cool I got inspirer
Yes, I know we stand around my studder
If can't take man, just let her
They are empty boat, the fast, but they let me go
Yeah, them need road same as I was before

So summer time
Can't pass me by
But this feather let me live my life
I'm doing it for my, for my, for myself
