

Way Too Big

Burna Boy

I dey tell you my guy
You know my style
E no be child's
Dem no dey sell am for eBay
If you say you get mind
And you wanna try
You go go die nberibe
It's been a landslide for a long time
But they no wan believe me
All of una combined
Shey you wan try
Oya do am, if e easy
Who bad enough, who do it like me
Make una call my cellular (wait)
Your back and your spinal cord e go break
If you carry my weight

Because I'm way too big
Way too big to be fucking with you
Because I'm way too smart
Way too smart to be falling in your trap
(Be fucking with you)
Because I'm way too cool
Way too cool to be losing my cool
(Oluwaburna)

Truly, truly
I bring the thunder like Muri
They say I'm on drugs, ti mi o mu ri
But everything them talk still no dey do me
Them say na because me I be skuri
Before my life changed I lived in a movie
Used to roll with the shank just like Julie
Still Popcaan cos I'm unruly
Beat my case cos of hung jury
Took my place as the shine shine bobo of the Nigerian brewery

Because I'm way too big
Way too big to be fucking with you
Because I'm way too smart
Way too smart to be falling in your trap (fucking with you)
Because I'm way too cool
Way too cool to be losing my cool

(Because I'm way too big)
(Because I'm way too big)

Na your problem
Say, na your problem

I dey tell you my guy
You know my style
E no be Jazz
Them dey sell am for eBay
If you say you get mind
And you want to try
You go go die nberibe

It's been a landslide for a long time
But them no wan believe me
All of una combined
Shey you wan try
Oya do am, if e easy
