

# Incarnation

**Burning Point**

Malicious spawn from hell  
Angry devil's sent  
Wicked like an fallen angel

Infected by the past cutting like broken glass  
Outrageous like a total stranger

Nowhere to run no place to hide away  
Shock to the system it's an ultimate dismay

It's endless I'm helpless  
Save me incarnation of Jekyll and Hyde  
Out of nowhere the cold stare  
Save me incarnation of Jekyll and Hyde

Distant memories under lock and key  
Confined in the darkest dungeon

Shadows dancing on the walls  
Grotesque masquerade ball  
Souls being torn asunder

Nowhere to run no place to hide away  
Shock to the system, it's an ultimate dismay

It's endless I'm helpless  
Save me incarnation of Jekyll and Hyde  
Out of nowhere the cold stare  
Save me incarnation of Jekyll and Hyde
