Burning Spear

Whoy,  
We gonna shout it out  
Yes, we gonna tell them  
Whoy,  
We gonna shout it out  
Yes, we gonna tell them  
When your bright light  
Shine on you  
No way you should be a fool.  
When your bright light  
Shine on you  
No way you should be a fool.  
Put as much as you know  
What away - Put it away  
Put as much as you know  
What away - Put it away  
Rainy days, hard times  
Rainy days, hard times  
You've got to own something,  
You've got to own something,  
In life.  
You've got to own something,  
You've got to own something,  
In life.  
A certain time of year, we jump  
And we shout and say,  
"Hip, hip hurray!"  
A certain time of year, we jump  
And we shout and say,  
"Hip, hip hurray!"  
(Evening News, got get your  
Evening news?)  
When you do, the things  
You do, you've got move  
Smartly.  
When you do, the things  
You do, you've got move  
Smartly.  
Remember your past,  
But keep living in the future.  
Remember your past,  
But keep living in the future.  
You've got to own something,  
You've got to own something,  
In life.  
Whoy,  
We gonna shout it out  
Yes, we gonna tell them
