

# Sweeter Than Chocolate

Burning Spear

My love; is sweeter than chocolate an' more  
My love; is sweeter than diamond an' pearl  
My love (My love)  
My love (My love)

Make me a snack, please (My love)  
Give me my juice after  
Make me a snack, please (My love)  
Give me my juice after

My love (My love)

I will walk you to the beach  
I will swim you around  
We will have some fun; we will have some fun  
I will take you places (My love)  
Fancy places, expensive places, to a restaurant

My love (My love)  
My love (My love)  
My love; is sweeter than chocolate an' more

My love; is sweeter than diamond an' pearl  
My love (My love)  
My love (My love)

Yes, I want to hug you  
Yes, I want to love you  
Yes, I want to play with you  
Yes, I want to play with you

My love (My love)

So, I want to see you  
Every day of my life  
So, I want to see you  
Every day of my life

My love (My love)  
My love (My love)  
My love  
My love; is sweeter than diamond an' pearl

My love (My love)  
My love (My love)  
My love (My love)
