

Burn In Hell

Burning Witches

The people are fearing the chaos in you
A vile evil force, condemned your soul

Infernal, Satan's pawn
Today you will burn at the stake

Burn in hell
Ashes to ashes
Feed the fire
Dust to dust

A tormentor stands there ready for you
Maybe a limb less can make you whole

Inhuman, Satan's spawn
Today you will die at the stake

Burn in hell
Ashes to ashes
Feed the fire
Dust to dust
Wretched blight
A slow death ends your life
Back to hell
Back to hell with you
Back to hell with you

Burn in hell
Ashes to ashes
Feed the fire
Dust to dust
Wretched blight
A slow death ends your life
Back to hell
Back to hell with you
