

Dance With The Devil

Burning Witches

Moonchild
Listen to the call
It is Walpurgis Night
When two worlds collide
Lose your fear
Come to us or just give in
Come and join us in the circle
Feel the forces of the fire

Watch out! (Watch out!)
'Cause evil spirits
Are roaming free tonight

Dance! Dance with the devil
Dance! Dance with the devil
Come and lose yourself tonight
Dance! Dance with the devil
Dance! Dance with the devil
Come join the witches running wild

Wise man
Come and get what you desire
Forces are awakened
Take a look into the fire
Yggdrasil will heal
Numb your senses, make ya feel
Come and join in this escape
On Brocken's peak

Watch out!
'Cause evil spirits
Are roaming free tonight

Dance! Dance with the devil
Dance! Dance with the devil
Come and lose yourself tonight
Dance! Dance with the devil
Dance! Dance with the devil
Come join the witches running wild

Oh, dance! Dance with the devil
Dance! Dance with the devil
Come and lose yourself tonight
Come on and dance! Dance with the devil
Dance! Dance with the devil
Come join the witches running wild
Dance! Dance with the devil
Dance! Dance with the devil
You could lose yourself tonight
Oh, dance! Dance with the devil
Dance! Dance with the devil
Witches are coming out to play
Dance! Dance with the devil
