

# Dead Ender

## Burning Witches

I am a broken man  
Who's spreading his opinion  
In the name of god

Born and raised as a maniac  
In constant fear  
Of the womenfolk

I am leading the deerhounds  
Into a bloody hunt  
In the name of god

Conscienceless taking lives  
Inviting to kill  
Still afraid of confession

I am the dead-ender  
I am the dead-ender  
Born as a leader  
And bringing salvation in death

Hate is my constant guide  
And always poisoning  
My simple mind

Ruthlessly spreading lies  
The hammer of pain  
Brings your demise

I am the dead-ender  
I am the dead-ender  
Born as a leader  
And bringing salvation in death - I am, I am  
I am the dead-ender  
I am the dead-ender  
Born as a leader  
And bringing salvation in death

Conscienceless taking lives  
Inviting to kill  
In the name of god

I am the dead-ender  
I am the dead-ender  
Born as a leader  
And bringing salvation in death - I am  
I am the dead-ender  
I am the dead-ender  
Born as a leader  
And bringing salvation in death!
