

## Evil Witch

Burning Witches

Corrupt spells from the dark side  
No cost too high  
Singing occult lullabies  
For the wicked  
Potions made from rotten skin  
So delightful  
Drink it up, the cup of sin  
Ah ah ah ah

Witchcraft fueled by pure evil

Evil witch  
Hunts you down like a hound  
Hellish bitch  
Spells are cast with a blast  
Evil witch  
You can't run, you can't hide

Evil witch  
Evil witch

No more begging for your life  
In goes the knife  
Your body's a treasure trove  
For dark matters  
Calling for help from the dead  
Necromancer  
In return, life must be shed  
Ah ah ah ah
