Burning Witches

I am haunted by demons
They will never set me free
They occupy my soul
Wresting away a part of me

Executed
Under the sentence of death
Executed
Fight till your last breath

More than 200 years
I was treated like a troll
Left behind with the fears
I couldn't save my pretty skull

Executed
Under the sentence of death
Executed
Fight till your last breath

I am haunted by demons
My father was the very first
Only man without conscience
Can prepare you for the worst

I am haunted by demons
With the kindness I gave
In this dark and sordid chamber
I was digging my own grave

Executed
Under the sentence of death
Executed
Fight till your last breath
Fight till your last breath
Under sentence of death
Fight till your last breath
