## Burning Witches

Guilty and feeble  
Misusing your personal advantages  
It's written on these pages  
Your being is evil  
Poverty is your major crime  
It's in your family line

A beaten soul  
A convicted bitch  
A broken word  
Another dying witch

Yield to temptation  
Your carnal desire is voracious  
The devil incarnate (Devil incarnate)

Everyone has to know  
About your deeds of darkness  
Oh, your ashes will tell us

Burn alive, Satan's whore  
No one will pray for you and that's for sure  
Burn alive, Satan's whore  
You will burn like all your sisters before

You're mentally fragile  
That's why you're whoring with demons  
You're not a believer  
Wearing sundry faces  
But bound together in the blackness of your souls  
And with your fiery tails

Burn alive, Satan's whore  
No one will pray for you and that's for sure  
Burn alive, Satan's whore  
You will burn like all your sisters before

Burn alive, just in case  
We must purify the human race  
Burn alive, Satan's whore  
You will burn like all the others before
