

## Maneater

## Burning Witches

Ah... its time for dinner  
Let's fan the fire under the pot!  
Only one ingredient is missing yet  
You are on the spot!

I... I'm dying of hunger  
And I want you to feel nearly the same  
Cruel people, head-hunters, creepy savages  
Just call our name

Man-eater  
Man-eater

Stay for dinner  
It's only for invited guests and you're the winner  
Just come as you are!  
Stay for dinner  
We know it's gonna be a tasteful get-together  
Stay for dinner forever!

Ah... its time for dinner  
Well, come a little closer  
Your spirit is not willing  
But your flesh is so tender
